Fig. 4

| MO | TU | WE | TH | FR | SA | SUN |

| OFF

Repeat the ON and OFF program procedures outlined above for each event (up to 7 events), as needed.
When programmig is complete, press the CLOCK button to return to the current time display.

REVIEWING YOUR EVENT PROGRAMMING
1. In the current time display, press the PROG (Program) button repeatedly to check your settings.
2. When finished, press CLOCK to return to the current time display.

SETTING THE MODE
The Mode acts as an ON or OFF override, or sets the Events to Automatic or Random:
1. To override the current program (ON or OFF), press MODE once.
2. To override the current program (Automatic), press MODE once.
3. To run the events in a RANDOM mode (ON/OFF is +/- 30 minutes of programmed times) press MODE until "RDM" is displayed in the upper left hand corner. The RANDOM mode is a security feature that will give your home a more lived-in look.

INSTALLING THE TIMER
1. Plug the timer into an AC outlet.
2. Plug the lamp(s) or other device(s) to be controlled into the receptacle(s) at the bottom of the timer.

BATTERY REPLACEMENT
1. This timer runs on one AA batery.
2. To remove the battery, unscrew the battery door, using a Phillips screwdriver.
3. Remove the battery and replace with a fresh AA battery.
4. Tightly screw the battery door in place.
